Re-Route of Heysen Trail near Trig Campsite to Deep Creek Waterfall

Southern Guidebook 2014, Map 1.2

The Heysen Trail has been re-routed just west of Trig Campsite, through the campsite and down into Deep Creek waterfall. The new trail is a great improvement on the original trail, with a more gentle descent down to the waterfall. The trail crosses Tent Rock Road at the northern entrance to the campsite, with a new car parking area.
